

APSAL K

React & .NET Full-Stack Developer

apsal.k2004@gmail.com • 7550336250 • Coimbatore, Tamil Nadu

[GitHub](#) • [LinkedIn](#) • [Portfolio](#)

PROFILE

Full-stack developer with 2+ years of production experience building enterprise web applications using React and ASP.NET Core. Delivered live systems for global clients across 17 countries (British American Tobacco) and built a clinical trial platform (NIHR Right 4) end-to-end from scratch. Skilled in REST API development, role-based access control, PostgreSQL/MongoDB, and responsive UI. Strong collaborator in Agile teams with a track record of shipping on time.

SKILLS

Frontend:	React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Design
Backend:	ASP.NET Core, PHP, Laravel, REST API Development & Integration
Database:	PostgreSQL, MongoDB, MySQL, SQL
Cloud/Tools:	Docker, Git, GitHub, GitLab, Azure Cognitive Services, CI/CD, Postman

WORK EXPERIENCE

DevBee Inc(Software Company)

Apr 2024 – Present

Junior Software Developer

Coimbatore

- Built React dashboards + ASP.NET APIs for the BAT global platform, integrating 5+ REST endpoints to manage business data across **17 countries** — eliminating manual regional reporting workflows.
- Architected **JWT-based RBAC** for the NIHR clinical trial system supporting 3 access tiers across 12 recruitment sites; built 9 recruitment and 3 assessment forms with full validation and PostgreSQL persistence.
- Delivered full-stack features across React, ASP.NET Core, Laravel, and PHP codebases — maintaining cross-browser compatibility and production-level performance standards.
- Participated in code reviews and collaborated with designers and PMs to consistently ship production-ready features on schedule.

DevBee Inc(Software Company)

Jan 2024 – Mar 2024

Web Development Intern

Coimbatore

- Completed 3-month intensive program in HTML, CSS, JavaScript, and React — building component-based UIs and REST API integrations. **Promoted to full-time Junior Developer** upon completion.

PROJECTS

British American Tobacco Platform | [React](#) · [ASP.NET](#) · [MongoDB](#)

- Developed real-time report dashboards in React consuming MongoDB aggregation APIs for **17 countries** — replaced manual export workflow used across global regional ops teams.
- Optimized API call batching and component rendering, reducing average page load time by **~40%**.

NIHR Right 4 – Clinical Trial Platform | [React](#) · [ASP.NET Core](#) · [PostgreSQL](#) | [Live Link](#)

- Built end-to-end **GDPR-compliant** platform from scratch: 12 form pages, multi-step flow, role-based access, and audit-ready PostgreSQL data layer for NHS recruitment & assessment.

Aamer – Enterprise Portal Suite | [React](#) · [ASP.NET Core](#) · [MySQL](#) | [Live Link](#)

- Developed multi-portal system with core API integrations and a **token-based queue system** to reduce customer wait times and improve operational efficiency.

Gilbert – Logistics Platform | [PHP](#) · [Laravel](#) · [MySQL](#) · [Stripe](#) | [Live Link](#)

- Built multi-role logistics app with **Stripe payment integration**, real-time bidding/tracking engine, and role-based access for 4 user types from a single Laravel codebase.

EDUCATION

Texcity Arts and Science College — M.Sc. Computer Science

2024 – 2026 | Coimbatore
